We promoted international engagement with our Biodiversity Oases

"We are proud to work alongside 3Bee to monitor and regenerate biodiversity in Europe. We started by monitoring honey bees and are now expanding the project to regeneration. Through communication on Foxy Love the Bee products and educational school projects, we aim to engage children and their families on topics close to our hearts, such as biodiversity."

Foxy Team

Together, we

**Directly
monitored
4,68 millions
of Honey bees**

**Produced
492,8 kg
of Nectar**

Before

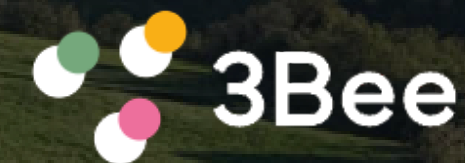

After

**Regeneration is part of the process, and we're fully promote
to biodiversity's potential**

With Foxy, we care about letting **Consumers** know that we're **Protecting Biodiversity**, and Empower them to **Join the Mission**
